

# Covid-19 On-Premise Dining Safety Measures and Precautions

Niffer's Place is committed to keeping our guests and employees safe during these times. We want to assure you that preventative measures are being followed and implemented. We have reviewed OSHA and the National Restaurant Association recommendations, along with our local health department and the "Alabama Restaurant Promise."

Our staff will continue to adhere to food handling safety policies and have a certified manager on every shift. We will continue to thoroughly clean all equipment, surfaces, and tools guests come in contact with using disinfect supplies.

There will be designated staff working to sanitize all areas of the dining room and common areas regularly.

All tables and hard surfaces will be cleaned and sanitized after every use.

Utensils and menus will be cleaned and disinfected after every use. Single use menus and utensils are available.

All staff will complete a health survey prior to each shift.

Employees will wear gloves and masks and other protective equipment in keeping with public health guidelines relating to COVID-19.

All indoor and outdoor seating options are in compliance with physical distancing guidelines.

Hand sanitizer stations will be available upon entry and exit for guests and staff.

If you have been exposed to COVID-19 recently or have symptoms of COVID-19 (including a fever, cough, or shortness of breath), please help us keep everyone safe by not physically entering the restaurant, come back and see us when you are feeling better.

Guests are encouraged to wear masks but are not required.

Waiting areas are limited to a small number of people. Guests are encouraged to wait in their cars. We will call or text you when your table is ready. No more than one person from each party may wait in designated waiting areas. All other party members are to remain in their car.

No more than 8 people will be allowed per table as to follow with the Alabama Restaurant Promise.

Bar areas may be closed or limited to a small number of people to follow social distancing guidelines.

Please note enter and exit doors to help maintain social distancing.

Curbside, online ordering, takeout, and limited delivery options are still available should you feel more comfortable utilizing those options.

We are excited to see our guests again and we are working hard to continue to follow the recommendations of our health care officials. Please understand that due to the changes in dining, you may experience longer wait times throughout your dining experience. Please know that we will continue to better our procedures to better serve our guests.

Should you have questions/concerns regarding any of the above guidelines, you may report them to [info@niffersplace.com](mailto:info@niffersplace.com)
